

شركة العين للتوزيع
Al Ain Distribution Company

Ref: AADC/100/ 45/ 2812
Date: 27/11/2012

To : Verger et DELPORTE U.A.E. Ltd

Subject : **Approval of Distribution Boards, SMDBs & LV Switchgears Materials**

With reference to the above mentioned subject and your letter # (AADC/VER/SGD-S/4) dated 15/10/2012, please be informed after reviewing and studying the submitted documents & attested copies of the KEMA & ASEFA type test certificates of your LV products, the following items tabled hereunder have been approved by AADC as per the following details & conditions:

S/N	Product Type & Reference	Rating	Certificate No	Laboratory	Manufacturer Country of Origin
2.	CAMGRO SYSTEM - 3200A Main Distribution Board / MCC	3200A	ASEFA 062-12BT	L2E: Expertise and testing Laboratory France	Verger et Delporte U.A.E. Ltd. Sharjah ,UAE
6.	CAMGRO System 250 A MDB/SMDB/MCC	250 A	DEKRA 2147939.100	KEMA Quality Netherlands	
7.	CAMGRO System 630 A MDB/SMDB/MCC	630 A	DEKRA 2147939.101	KEMA Quality Netherlands	

1. The above approval does not relieve the Contractors in complying with last revision of RSB wiring regulation and AADC standards that are applied to the LV Switchgear and Panel Boards, including the environmental conditions & prospective fault currents have been specified in this regulation.

شركة العين للتوزيع
Al Ain Distribution Company

2. The products shall comply with the latest recommendations of the relevant standards IEC 61439-1&2.
3. Rated diversity factor of all outgoing busbars & its protective devices must be not less than (1).
4. All the breakers (both the incoming and outgoing) shall be restricted to the components used in the test or to be tested by any of the approved certified authorities
5. This approval is subject to all technical & environmental conditions have been specified in electricity wiring regulation 2009 issued by RSB.
6. Certificate of conformity must be submitted for every switchgear assembly.
7. The manufacturer shall submit to AADC the performance reports for installed products for a period of 3 years, any damage or malfunction during this period may lead to the cancellation of AADC approval.
