SUMMARY

Total Manhours worked (CY-2009)	8,388,253	Zero fatalities and permanent disabling injury in the year 2009
Total Number of Lost Time Accidents (Cases)	9	Lost time accident occurs at a rate of 0.2 cases per 200,000 manhours worked.
Total Number of Lost Workdays due to LTA	120	The number of Days Lost due to Lost Time Accident is only 2.8 days per 200,000 manhours worked.
Total number of Manhours lost due to LTA	960	
Overall Frequency Rate	0.214585802	
Overall Severity Rate	2.861144031	Total Manhours worked is from January to December 2009

Formula used

Frequency Rate:	Total Number of Lost Time Accidents (Cases) x 200,000 / Total Manhours Worked
Severity Rate:	Total Number of Lost Workdays Due to Lost Time Accidents x 200,000 / Total Manhours Worked

Verger et Delporte is having a comprehensive incident reporting system where all incidents are carefully investigated including near-misses. This ensures that QHSE non-conformances as well as significant aspects and risks are properly identified and that necessary controls and corrective/preventive actions are put in place to avoid occurrence/recurrence.

Since the inception of the above report, VD has maintained its QHSE performance level without incurring any permanent disabilities nor fatal injuries. We are continually committed to prevent occupational injuries and illnesses while protecting the environment where we work and live.
