

QHSE POLICY

Our philosophy is to focus on prevention and every individual / team is committed to “doing the right things right from the first time, every time”. Pro-active involvement and action is expected from all employees and sub-contractors for we believe that Quality, Health, Safety and Environment (QHSE) protection is the responsibility of everybody.

In order to achieve this goal and to build a QHSE culture, Verger Delporte shall:

- Provide products and services of the highest possible standards by listening to the needs of our customers and gather relevant feedback to improve our performance.
- Comply with all applicable legislations, regulations with specific reference to the Abu Dhabi Occupational Health and Safety System Framework (OHSAD SF), requirements of international standards and other requirements to which we subscribe;
- Ensure that Quality, Health, Safety and Environmental objectives are set, reviewed and achieved at all levels of the business with a focus on continual improvement in products, services, performance and resource.
- Ensure that the quality of service delivered to customers consistently meets or exceed their expectations and respond effectively to any concerns about the level of service provided.
- Provide leadership by example through managing HSE accountability, authority and performance as a line responsibility;
- Demonstrate commitment towards prevention of injury and ill health;
- Provide a secure and safe work environment to protect all employees, sub-contractors and any other persons visiting our work sites from harm;
- Ensure occupational health and safety risks of our personnel are identified and necessary control measures are taken;
- Promote HSE awareness to ensure that all employees and sub-contractors understand and accept ownership that they are responsible for their own safety and that of others around them;
- Provide appropriate information, systems of communication, instruction, training and supervision to maintain and continually improve the competence levels of all employees.
- Ensure pollution prevention by minimizing the environmental impact of our operations, where reasonably practicable, by reducing energy consumption, use of fuel and implementing initiatives to reduce waste to landfill.
- Continue to develop a positive Quality, Health, Safety and Environmental culture across the organization, involving employees in the development and implementation process.

Therefore, QHSE will always be a consideration in all our internal and external business activities.

This policy statement shall be communicated to all employees, suppliers, sub-contractors; prominently displayed for visitors and will be made available to the public, stakeholders and any other interested parties on request.

Mr. Pierre CAMUS - Chief Executive Officer (CEO) - 4th of June 2017
