Dear Sir,

We are writing to offer you our thanks and appreciation for the excellent work you have done at our project 2014 & 2015 (Kashafa, Sharjah & Gayathi, Abu Dhabi).

The design, manufacturing, workmanship of the materials supplied by you were of highest standards and the field work (Testing & Commissioning of your supplied equipment) and after sales support were professionally accomplished.

Your expert co-ordination with our work groups obviously helped us to meet the targets and also the training you provided to our project team and clients maintenance team was fantastic. Thus, your attitude of service and commitment to job quality led to a superior project and satisfied customer. We have received nothing but positive feedback regarding your work and services.

Our thanks to your company for jobs well done and looking forward to work with you in future.

Thanking you and assuring you of our best attention at all times

Regards
